

The Alachua County Medical Society & James Moore, CPAs  
are pleased to welcome:

Julie Shay, RHIA

to present:

# Planning For ICD-10 Implementation

Julie A. Shay is the Health Information Technology Program Director for Santa Fe College, as well as the Co-Director for HealthIT Workforce Program, and Co-Director for Community Health IT.

Shay has 30 years of healthcare operations management experience in physician practice management, outpatient, inpatient settings to include managed care expertise. She is a first time author ICD9CM in Flash - an interactive CD. She has been a guest speaker for several national and statewide conferences. Shay serves as a Board member for Rural Health Partnership. She is a member of Northeast Florida Health Information Management Association, Florida Health Information Management Association, and AHIMA. She is a member and Chair of the CEE's Associate Education Coalition Committee (AEC), where she has helped the coalition's development of health information technology tracks for colleges nationwide and she serves as liaison to the CEE's Curricula Workgroup. Shay is also an Approved AHIMA ICD10CM/PCS trainer.
